CITIZENS WILL FLY AND DIVE IN NAVY CRAFT

Officials Will Be Given Trip
in Submarine K-5—Recruits
Will Go Up in Sea-
planes and Down in U-Boat.

The arrival of Wells Hawks, director of the cruise of the anti-submarine flotilla, and the expected arrival of the Isabel, the largest ship of the squadron, with her attending sub chasers Friday night or Saturday, will bring to a climax the campaign for recruiting which is the object of the visit here of Uncle Sam's boats.

Thursday afternoon city officials and recruits accepted for the navy, were guests of the officers of the flotilla. Flights in the three seaplanes which arrived from Cairo Wednesday, and dives in the K-5, were on the program for the late afternoon. With the expected arrival of the Isabel a more convenient place of public inspection of the boats will be sought and a recruiting officer placed aboard and the business of getting new men for the service redoubled.

Lieut. Commander Thos. G. Berrien will keep the submarine K-5 and its

mother ship, the subchaser No. 3, at the foot of Illinois avenue until time for the submerging Thursday afternoon. Subchaser No. 183 left Cairo Thursday morning and is expected to reach Memphis before daybreak Friday morning.

UB-88 Leaves Port.

The UB-88, surrendered German undersea boat, left Thursday at daybreak accompanied by the mother ship, the revenue cutter Tuscarora. The cruise to the naval station at Key West, Fla., will be made with the greatest dispatch possible. Stops will be made only at Greenville and New Orleans unless accident or other emergency should demand. The boats tie up at night as it is necessary, because of the lower stage of the river, for the Tuscarora to feel the way for both herself and accompanying craft. The U-boat will leave Key West for the Panama canal and a cruise up the Pacific coast to Tacoma, Wash., from which point the submersible will proceed to a Pacific coast port to be used for experimental purposes.

Flores E. A. Rucker, Sr., and his son, E. A. Rucker, Jr., who are making the round trip with the flotilla, have been ordered by Lieut. Commander Berrien to take the tug McKewen to the Mississippi river to Cat Island, about 20 miles away, to take soundings. Upon the result of this trip will depend the length of the stay of the flotilla in the Memphis harbor.

If rains on the upper water sheds check the fall in the river as seems probable, the stay of the boats will be extended to 10 days. A 17-foot reading on the Memphis gauge will permit the vessels to proceed to southern waters with safety, according to Lieut. Berrien.

Starting from the foot of Illinois avenue at 4 o'clock Thursday afternoon, the K-5 will take aboard Mayor F. L. Nott, members of the city com-

mission: W. H. Fitzhugh, president of the Chamber of Commerce; Henry Hayley, secretary, and other guests, including new recruits to the navy. After passing the bridges coming toward the Memphis wharf submerging tanks will be opened and by the time the harbor is reached the only view civilians should be through the periscope. Reaching the deepest part of the channel completely submerged the party will remain for 10 or 15 minutes before experiencing the sensation of coming to the top of the water.

The K-5 will reappear directly in front of the customs house after the trip and the party will be put aboard the accompanying subchaser and landed at the Kate Adams or Princess wharf. Band concerts and moving pictures of life in the navy continue to be attractions in Court square nightly. Great interest is being aroused and a distinct stimulus to recruiting is sure to follow. Open air talks by Lieut. G. N. Weichelt are bringing in more applicants for entrance into the navy daily.

RACE LINE IS DRAWN ON LIQUOR IN JAIL

The name on the bottle is "Red Eye," but Oliver Hazard Perry, the sheriff, says it is just plain "red eye." He should know, for he took 33 cases of it Wednesday evening, when he and Deputies Goswick and Bradley traveled to Raleigh. Two men were taken with the booze. All went to the county jail. The "red eye" was stored in a different compartment than that occupied by the six cases of Yamasee rye and Joe Blackburn (UCU) which were taken Monday night.

"We keep the white and black prisoners separated, so why put real good whiskey in the same room with 'red eye'?" the sheriff reasoned.

Activities Among Memphis Negroes

BY REV. T. O. FULLER.

Fear of detection and punishment should not be the chief incentives to honesty. It is true that the thief, though shrewd, will finally be caught, but people should be honest because a stainless conscience is a precious jewel.

The domestic science demonstrations for the benefit of the Woman's Federation, was postponed. Announcement will be made later.

In the death of Mr. H. C. Williams, my people, in the Memphis territory, have lost a valuable friend. So many of them enjoy homes and farms as a result of their dealings with him. We need more of such friends. Peace to his ashes.

The straight college quartet will sing at Middle Baptist church Sunday night. Rev. James A. Mitchell, the pastor, and his loyal congregation, will make it pleasant for the young ladies who are making their way through school.

The Rev. W. T. Livingstone will preach at the First Baptist church, 341 Paul avenue, Sunday morning. The choir will render special music.

Don't forget the high class musical night, to be held at the Trinity C. M. E. church, Sunday. A number of churches have been invited.

J. H. Coleman, presiding elder, will preach a special sermon in the morning, and Dr. F. H. Copeland, secretary, widows and orphans fund, will preach in the afternoon. The public is invited.

The state Sunday school and B. Y. Y. convention will be held at Jackson, Tenn., July 14. They hope to raise \$1,000 for missions and education. Rev. E. M. Seymour, of Knoxville and L. C. Moore, of Memphis, will have charge of the program. Large delegations are expected.

Ethel C. Smith, of Baltimore, a specialist in primary methods, is connected with the Howe summer school, under appointment of the National Security league of New York. The league feels that the problem of education in the south is largely a rural problem, and that the primary teachers should be given special training. A model school of small children is used to illustrate the work and problems of the primary teacher. This demonstration is followed by a round table discussion that leaves nothing untouched or without helpful explanation.

Some men are so towering in the grandeur of their character that the flight of years is necessary to properly estimate them. Memphis has a number of such men.

The Howe choral class had a fine practice Wednesday night. They are arranging for their annual visit to charitable institutions. They will sing at the home for the Aged and Infirm on the second Sunday in July, and the Old Ladies' home on the Hernandez road on the third Sunday. When I am old and infirm, O club, forsake me not, says the scriptures.

The St. Paul Baptist church has put on a drive for \$2,500 to end the second Sunday in July. Rev. R. B. Roberts is pastor. He has paid the church out of debt and will now make needed repairs.

The lectures from the farm development bureau of the Chamber of Commerce will begin their series at the Howe summer school, Friday, at 11:30. There will be one lecture each day until the normal closes. Persons not enrolled at the school who wish to attend these lectures can make arrangements by calling up the principal's office or calling in person.

KIWANIS BANQUET OFFICERS OF FLOTILLA

Officers of the anti-submarine flotilla and from Park field, Millington, were the guests of the Kiwanis club at a banquet at the Hotel Gayoso Wednesday night.

A tempting menu, several cabaret numbers and addresses by naval and flying officers and Kiwanians were followed by dancing until near the hour of midnight.

Wives of Park field officers and many charming members of the younger society set helped make the four hours

of entertainment the most enjoyable of the whole cruise, according to expressions from the officers of the navy.

It was a brilliant scene when the white uniforms and gold braid, with a sprinkling of the blue of the uniforms mingled with the brighter hues of crepes and silks of the ladies present. Covers were laid for 100 in the private dining room on the parlor floor of the hotel, which was appropriately decorated for the occasion.

Louis J. Moss acted as toastmaster for the Kiwanians. Responses were made by ranking officers of the vessels at anchor in the local harbor. At 10 o'clock the tables were removed and the parlors cleared for dancing, which was indulged in until a late hour.

Ranking officers in attendance were: Lieutenant Commander Thomas G. Berrien, of U. S. submarine K-5, and J. L. Nelson, of the German UB-88. Capt. Searles and Hemmingsway, of the U. S. cutter Tuscarora; Maj. Joseph F. Bourron, acting commandant at Park field; Lieut. G. N. Weichelt, U. S. N.; Lieut. J. L. Reynolds, U. S. N.; Lieut. Henry T. Stanley, U. S. N. A. F.; Lieut. J. V. K. Richards, U. S. N., chief engineer of K-5; Maj. Manoffie, surgeon at Park field; and Lieut. J. F. Merriotti, in charge of flying at Park field. Citizens present included Louis J. Moss, president of the Kiwanis club; Henry Hayley, secretary of the Chamber of Commerce; and others.

WELL BABY CLINIC IS TO START NEXT WEEK

The Public Health Nursing association, of which Miss Marie Peterson is director, will open two "well-baby clinics" next week. One will be located at the Jewish Neighborhood house on Market square, the other at the Neighborhood Nursery on Colorado avenue.

The purpose is to keep the well babies well. Conferences will be held once a week, a baby specialist will be there to advise the mothers, and a trained nurse will be there to assist the doctor and weigh the babies.

During the week the nurse will visit the homes and assist the mothers in the preparation of any formulae that the family physician or the doctor at the clinic may give for her baby. All sick babies will be referred to their family physician.

The women of the neighborhood will be asked to help at these conferences.

TWO FIRE AT NEGRO THIEF WHO ESCAPES

As dark as the night itself, was the negro chicken thief who, at 9 o'clock Wednesday night, made his way to the

ten house at the home of Mrs. George W. Hutchinson, 341 North Sixth street, warned by the squawking of her pet, Mrs. Hutchinson, procuring her pistol, hurried to the rear lawn of her home.

Before the negro could escape she sent three bullets in his direction. Aroused by the shooting, James Ezell, 653 North Sixth street, with a pistol, came as reinforcement, and he also used the negro for a target.

From the speed the negro continued to hold, neither Mrs. Hutchinson nor Ezell seems to have made a hit.

Every Woman Knows

That Dr. Price's Cream Baking Powder makes delicious, appetizing food—unquestionably wholesome. Some women, however, do not know that food made with cheaper baking powders, containing alum and phosphate compounds, is often inferior in taste and texture;—many of the highest food authorities have declared alum baking powders to be unwholesome and injurious.

The safe and sure way is to use

**DR. PRICE'S
CREAM
BAKING POWDER**

Made from Cream of Tartar derived from Grapes

Contains No Alum—Leaves No Bitter Taste
